Independent Auditor's Report

Board of Directors
Front Porch Communities & Services
Glendale, California

We have audited the accompanying consolidated financial statements of Front Porch Communities & Services, which comprise the consolidated balance sheets as of March 31, 2018 and 2017, and the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Front Porch Communities & Services as of March 31, 2018 and 2017, and the results of its operations, changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplementary consolidating information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the 2018 consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2018 consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2018 consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2018 consolidated financial statements or to the 2018 consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2018 consolidated financial statements as a whole.

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Front Porch Communities & Services (the Corporation) is a California nonprofit public benefit corporation as described in Section 501(c)(3) of the Internal Revenue Code (the Code). The Corporation is exempt from federal income taxes on related income pursuant to Section 501 of the Code and is also exempt from state franchise taxes under similar provisions for the state of California. The Corporation owns and operates continuing care retirement communities (CCRC), other multilevel retirement communities and other operations providing services that enhance the quality of life for those served through independent retirement living, assisted living, memory care, skilled nursing, social services, affordable housing and contract management of subsidized housing.

The Corporation operates the various communities under two different operating organizations. The services provided by these two operating organizations are summarized below as of March 31, 2018:

Operator	Residential Living Units	Memory Care Units	Care Center Beds	Total Units/Beds
Obligated Group	1,239	88	258	1,585
Front Porch Communities Operating Group, LLC	906	10	282	1,198
Total Front Porch Communities & Services	2,145	98	540	2,783

Obligated Group

Certain operations of the Corporation, hereinafter referred to as the Obligated Group, are aggregated to facilitate long-term borrowings and include the following as of March 31, 2018:

Community	City	Type	Residential Living Units	Memory Care Units	Care Center Beds	Total Units/Beds
Owned Communities

Nonobligated Group

The following wholly owned subsidiaries of the Corporation are not members of the Obligated Group and are under “Other Entities” in the accompanying consolidated financial statements:

Front Porch Communities Operating Group, LLC

Front Porch Communities Operating Group, LLC (OpCo) is a California nonprofit limited liability company as described in Section 501(c)(3) of the Code. OpCo is exempt from federal income taxes on related income pursuant to Section 501 of the Code and is also exempt from state franchise taxes under similar provisions for the state of California. OpCo was formed in connection with the refinancing of certain Obligated Group debt as discussed in Note 8 and operates exclusively to further the charitable purpose of its sole member, the Corporation.

OpCo currently leases property from the following entities and operates them in accordance with the Corporation’s management philosophies, policies and procedures and with existing Corporation staff members.

Community	City	Type	Residential Living Units	Memory Care Units	Care Center Beds	Total Units/Beds
Front Porch Communities and Services – Casa de Mañana, LLC	La Jolla, CA	Rental	188	-	-	188
Front Porch Communities and Services – Claremont Manor, LLC	Claremont, CA	Rental	212	10	59	281
Front Porch Communities and Services – Kingsley Manor, LLC	Los Angeles, CA	Rental	219	-	51	270
Front Porch Communities and Services – Fredericka Manor, LLC	Chula Vista, CA	Rental	287	-	172	459
Total OpCo			<u>906</u>	<u>10</u>	<u>282</u>	<u>1,198</u>

Front Porch Communities and Services – Casa de Mañana, LLC; Front Porch Communities and Services – Claremont Manor, LLC; Front Porch Communities and Services – Kingsley Manor, LLC; and Front Porch Communities and Services – Fredericka Manor, LLC

These four entities (collectively, the Real Estate LLCs) were formed in connection with the refinancing of certain Obligated Group debt. These entities own the real estate associated with each of the specified campuses and each has a nonrecourse loan against its property discussed in Note 8. As noted above, these entities each lease their property to OpCo, which holds the license to operate and is responsible for all operations of these campuses post-refinancing.

CARING Housing Ministries, Inc.

CARING Housing Ministries, Inc. (CARING) manages 24 HUD-subsidized and tax credit facilities, which provide housing to approximately 2,300 residents. CARING's managed facilities are located throughout California and in Glendale, Arizona. CARING's management fees received from clients are based on a percentage of its clients' operating revenues or are earned on a per-unit-per-month basis. CARING is a California nonprofit corporation, and the Corporation is the sole corporate member of CARING.

Sunny View Lutheran Home

Sunny View Lutheran Home (Sunny View) (formerly, Sunny View West) is a California nonprofit corporation that owns a 100-unit, HUD-subsidized senior living facility located in Cupertino, California. Sunny View does not own or operate Sunny View Retirement Community, which is owned and operated by the Corporation. The Corporation is the sole corporate member of Sunny View.

Related Parties

The following related parties are not consolidated into the Corporation:

Front Porch Enterprises, Inc.

Front Porch Enterprises, Inc. (FPE) was created as a California nonprofit corporation in July 2006. FPE was formed to provide support, financial and otherwise, to organizations engaged in housing, health and human services, education and research and to sponsor affordable housing communities. FPE serves as the sole corporate member of Front Porch Active Adult Communities, LLC and the sole shareholder of Front Porch Development Company, Inc., described below. The Corporation and FPE are not affiliated, though there is overlap in the membership of the two boards. FPE is not included in the accompanying consolidated financial statements because the Corporation does not control FPE through majority ownership or control of the majority voting interest of the board.

Front Porch Active Adult Communities, LLC

Front Porch Active Adult Communities, LLC (Active Adult Communities) was created in January 2006 as a Delaware for-profit limited liability company to own and operate active adult communities in Mexico and elsewhere. FPE is the sole member of Active Adult Communities.

Front Porch Development Company, Inc.

Front Porch Development Company, Inc. (Development Company) was created in February 2006 as a California for-profit corporation organized for the purpose of providing real estate development services to the Corporation, Active Adult Communities and other unrelated entities. Development Company is a wholly owned subsidiary of FPE.

Front Porch Communities & Services
Notes to Consolidated Financial Statements

(In Thousands)

The boards of FPE, Active Adult Communities and Development Company agreed to dissolve these entities on July 8, 2014. The dissolutions will be effective upon resolution of all outstanding liabilities and filing of the appropriate legal documents. Operations previously performed by these entities began to be performed by the Corporation effective July 1, 2014, and, therefore, are included with the Corporation effective July 1, 2014. However, the entities have not yet been legally dissolved as of March 31, 2018.

Center for Technology Innovation and Wellbeing

Center for Technology Innovation and Wellbeing (CTIW) was formed in June 2008 as a nonprofit entity for the purpose of exploring innovative uses of technology to empower individuals to live well, especially in their later years. CTIW's bylaws provide that directors, officers and employees of the Corporation are precluded from constituting a majority of CTIW's directors. As a result, CTIW is not included in the accompanying consolidated financial statements because the Corporation does not control CTIW through majority ownership or control of the majority voting interest of the board.

The board of CTIW agreed to dissolve this entity on March 6, 2015. The dissolution will be effective upon filing of the appropriate legal documents. Operations previously performed by CTIW began to be performed by the Corporation effective April 1, 2015. However, CTIW has not yet been legally dissolved as of March 31, 2018.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Obligated Group, OpCo, the Real Estate LLCs, CARING and Sunny View. All significant intercompany transactions and balances have been eliminated in consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Corporation considers all liquid investments with original maturities of three months or less to be cash equivalents. At March 31, 2018 and 2017, cash equivalents consisted primarily of money market mutual funds of \$6,288 and \$7,994, respectively. These funds are not insured by the Federal Deposit Insurance Corporation (FDIC).

At March 31, 2018, the Corporation's cash accounts exceeded federally insured limits by \$8,965.

Investments and Investment Return

Investments in equity securities having a readily determinable fair value and in all debt securities are carried at fair value. Guaranteed investment contracts are carried at amortized cost, which approximates fair value. Other investments are valued at the lower of cost (or fair value at the time of donation if acquired by contribution) or fair value. Investment return includes dividend, interest and other investment income; realized and unrealized gains and losses on investments carried at fair value; and realized gains and losses on other investments. Investment return that is initially restricted by donor stipulation and for which the restriction will be satisfied in the same year is included in unrestricted net assets. Other investment return is reflected in the accompanying consolidated statements of operations and changes in net assets as unrestricted, temporarily restricted or permanently restricted based upon the existence and nature of any donor or legally imposed restrictions.

Assets Limited as to Use

Assets limited as to use represent: (a) funds held by a trustee that are legally restricted for bond reserve accounts and construction projects; (b) deposit subscriptions held in trust; (c) entrance fees refundable within the first 90 days of residency in accordance with state law; (d) assets restricted by the donor for specific purposes; (e) HUD facility reserves and tenant deposits held in accordance with regulatory agreements governing the operation of Sunny View requiring HUD approval prior to any withdrawals; and (f) assets held in escrow for payment of property taxes and insurance, debt service, owner repairs and reserves for replacements pursuant to the loan agreements insured by HUD for the Real Estate LLCs. Amounts required to meet certain current liabilities of the Corporation are classified as current assets.

Patient Accounts Receivable

As a part of its mission to serve the community, the Corporation provides care to residents even though they may participate in programs that do not pay full charges or they may lack adequate insurance or private means. The Corporation manages their private resources and/or collection risk by regularly reviewing their accounts and contracts and by providing appropriate allowances based upon a review of outstanding receivables, historical collection information and existing economic conditions.

For receivables associated with services provided to patients who have third-party coverage, the Corporation analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for uncollectible accounts, if necessary.

For receivables associated with self-pay patients (which include both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Corporation records a significant provision for uncollectible accounts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated or provided by policy) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts.

Front Porch Communities & Services
Notes to Consolidated Financial Statements
March 31, 2018 and 2017
(In Thousands)

As a service to the resident, the Corporation bills third-party payers directly and bills the resident when the resident's liability is determined. Accounts receivable are stated at net realizable value from third-party payers, residents and others. Accounts receivable are due in full when billed and are considered delinquent and subsequently written off as bad debts based on individual credit evaluation and specific circumstances of the account.

Property and Equipment

Property and equipment are recorded at cost and depreciated on a straight-line basis over the estimated useful life of each asset. Assets under leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives.

The estimated useful lives for each major depreciable classification of property and equipment are as follows:

Land improvements	2–25 years
Building and leasehold improvements	5–40 years
Equipment	3–20 years

Donations of property and equipment are reported at fair value as an increase in unrestricted net assets unless use of the assets is restricted by the donor. Monetary gifts that must be used to acquire property and equipment are reported as restricted support. The expiration of such restrictions is reported as an increase in unrestricted net assets when the donated asset is placed in service.

Long-Lived Asset Impairment

The Corporation evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value.

As discussed in *Note 4*, the Corporation recorded asset impairments during fiscal years 2018 and 2017.

Interest in Net Assets of and Receivables from Foundations

The Corporation recognizes its rights to assets held by a recipient organization in accordance with Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. Such rights are recognized as an asset unless the donor has explicitly granted the recipient organization variance power, that is, the unilateral power to redirect the use of the assets. Those rights are either an interest in the net assets of the recipient organization, a beneficial interest in the recipient organization or a receivable. The Corporation accounts for its interest in the net assets of the Pacific Homes Foundation (Interest) in a manner similar to the equity method (see *Note 5*). Changes in the Interest are included in the accompanying consolidated statements of changes in net assets. Transfers of assets between Pacific Homes Foundation and the Corporation are recognized as increases or decreases in the Interest.

Deferred Costs

Deferred costs include unamortized direct response advertising costs incurred in connection with acquiring initial continuing care contracts of \$664 and \$1,328 at March 31, 2018 and 2017, respectively, which are amortized on a straight-line basis over the estimated remaining life expectancy of residents under the newly acquired continuing care contracts. Indirect advertising costs are expensed as incurred.

Deferred Revenue from Entrance Fees

Fees paid by residents upon entering into a continuing care contract, net of the portion thereof that is refundable to the resident, are recorded as deferred revenue and are amortized into income using the straight-line method over the estimated remaining life expectancy of the resident.

Estimated Future Service Obligation

Annually, the Corporation calculates the present value of the net cost of future services and the use of facilities to be provided to current residents by contract type and compares those amounts with the balance of deferred revenue from entrance fees. If the present value of the net cost of future services and the use of facilities exceeds the deferred revenue from entrance fees, a liability is recorded (estimated future service obligation) with a corresponding charge to income. As of February 2006, while honoring previously issued contract types, the Corporation discontinued the use of all other contract types with the exception of Type B contracts. Type A contracts previously stipulated that the amount charged to the resident would not change when the resident's level of care changes; Type B contracts stipulate that the amount charged to the resident will change if the resident's level of care changes. The obligations for Type A and Type B contracts are discounted based on the Corporation's weighted-average borrowing rate. As of March 31, 2018 and 2017, there was no estimated future service obligation related to Type A or Type B contracts.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are classified as such based on donor stipulations that they be used in a later period, for a specific purpose or both. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation in perpetuity, the income from which is expendable as specified by the donor. Such net assets are to be used for future capital expenditures and to support the activities of the Corporation's retirement communities as specified by the donor.

Excess of Revenues over Expenses

The accompanying consolidated statements of operations include excess of revenues over expenses. Changes in unrestricted net assets, which are excluded from excess of revenues over expenses, consistent with industry practice, include net assets released from restriction used for purchase of property and equipment.

Resident and Net Patient Service Revenue

Resident and net patient service revenue includes monthly fees from residents and patient service revenue. Resident revenue consists of payments from residents for monthly service fees. Net patient service revenue is recognized as care is provided. Reimbursement for services provided to Medicare patients is based upon the Medicare Prospective Payment System (PPS) for long-term care providers. Under PPS, routine, ancillary and capital costs are pulled into a revised, single-payment stream. Reimbursement is made prospectively according to resident care classifications with each class assigned a fixed reimbursement rate.

Charity Care

The Corporation provides charity care to residents who are unable to pay for services or monthly service fees. The amount of charity care is included in net revenue and is not separately classified from the provision for uncollectible accounts.

Benefits to the Broader Community

The Corporation's retirement communities provide many benefits to the broader community. Most of these services are provided at no charge. Examples of these services include:

- Adult education classes
- Community centers used for other groups
- Retired Senior Volunteer Program
- Polling place for elections
- Adult literacy assistance services

- Training sites for various colleges, universities and regional occupational programs
- Alzheimer's support groups

Contributions

The Corporation reports donations of cash and other assets as either temporarily restricted support or permanently restricted support if they are received with donor stipulations that limit the use of the donated asset. In the case of temporarily restricted support, when a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the accompanying consolidated financial statements as net assets released from restrictions used for operations or capital expenditures. Donor-restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the accompanying consolidated financial statements.

The Corporation reports gifts of property and equipment (or other long-lived assets) as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Corporation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Professional Liability and Workers' Compensation Claims

The Corporation recognizes an accrual for claim liabilities based on estimated ultimate losses and costs associated with settling claims and a receivable to reflect the estimated insurance recoveries, if any. Professional liability claims are described more fully in *Note 6*. Workers' compensation claims are described more fully in *Note 7*.

Income Taxes

The Corporation is a nonprofit organization as described in Section 501(c)(3) of the Code and has been recognized as exempt from federal income and state franchise taxes on related income pursuant to Section 509(a)(2) of the Code and similar provisions of the California Franchise Tax Code. However, the Corporation is subject to income taxes on any net income that is derived from a trade or business, regularly carried on and not in furtherance of the purposes for which it was granted exemption. For the fiscal years ended March 31, 2018 and 2017, no income tax provision has been recorded as the net income from any unrelated trade or business, in the opinion of management, is not material to the accompanying consolidated financial statements taken as a whole. The Corporation files tax returns in the U.S. federal jurisdiction.

The guaranteed investment contracts (GIC) represent investments administered by an independent professional investment corporation in a managed investment pool with a guaranteed specified rate of interest. Interest payments on the GICs are due to the Corporation semiannually. The assets of the pool are invested in U.S. government obligations, corporate securities, taxable municipal securities, mortgage-backed securities and mutual funds.

The Corporation invests in certain mutual funds that have required holding periods and varying redemption penalties if sold prior to the end of the holding period. However, at March 31, 2018, none of the mutual funds held by the Corporation were subject to any redemption provisions.

As discussed in *Note 9*, the Corporation entered into certain derivative instruments. The derivative instruments related to the Series 2007 forward delivery agreement and the interest rate cap purchased in 2015 are included in the accompanying consolidated balance sheets as derivative instruments under investments. During the year ended March 31, 2018, the forward delivery agreement was terminated (see *Note 9*).

Total investment return is comprised of the following for the years ended March 31 and is included in unrestricted net assets:

	<u>2018</u>	<u>2017</u>
Interest and dividend income	\$ 8,565	\$ 6,897

Less accumulated depreciation	<u>391,579</u>	<u>366,050</u>
	<u>\$ 346,728</u>	<u>\$ 324,740</u>

The Corporation recorded asset impairments of \$483 and \$356 in 2018 and 2017, respectively, to recognize the write-off of certain assets in Phases 5-8 of the Wesley Palms renovation project for assets not yet fully depreciated that will be replaced as part of the campus renovation. The Corporation expects to record additional adjustments for not yet fully depreciated assets over the course of the Wesley Palms renovation project as additional phases are undertaken. The estimated potential additional assets not yet fully depreciated that could be written off as the subsequent phases are authorized over the course of the five-year construction period are \$60.

Note 5: Interest in Net Assets of and Receivables from Supporting Organizations

Pacific Homes Foundation (PH Foundation), FACT Foundation, California Lutheran Homes (CLH) and Sunny View Lutheran Communities and Services (SVLCS) are not-for-profit corporations established for the charitable purpose of promoting and supporting the work of the Corporation and the retirement communities. The four organizations have separate boards of directors over which the Corporation does not exercise control.

Because PH Foundation was established to operate exclusively for the benefit of the Corporation and, upon dissolution, the net assets of PH Foundation would be transferred to the Corporation to be used to benefit the residents of the former Pacific Homes communities, and since variance power from the donors does not exist, the Corporation records its interest in the net assets of PH Foundation. However, FACT Foundation, CLH and SVLCS are not organized solely for the benefit of the Corporation and, upon dissolution, the net assets may be directed to other not-for-profit organizations. Consequently, the Corporation records a receivable from these three supporting organizations related only to those net assets restricted by the donor for the benefit of the Corporation.

Note 6: Professional Liability Claims

The Corporation purchases professional and general liability insurance under a claims-made policy. Under such a policy, only claims made and reported to the insurer during the policy term, regardless of when the incidents giving rise to the claims occurred, are covered. The Corporation also purchases excess umbrella liability coverage, which provides additional coverage above the basic policy limits up to the amount specified in the umbrella policy.

Based upon the Corporation's claims experience, no accrual had been made for the Corporation's portion of malpractice costs related to its deductible under its malpractice insurance policy as of March 31, 2018 and 2017. It is reasonably possible this estimate could change materially in the near term.

Note 7: Workers' Compensation

Effective March 31, 2003, the Corporation became qualified to self-insure its workers' compensation claims in California. In addition, for the years ended March 31, 2018 and 2017, the Corporation had an excess workers' compensation policy in place for individual claims over \$750. This policy had a maximum coverage limit of \$25,000 for the years ended March 31, 2018 and 2017. Amounts accrued to cover potential workers' compensation claims, based on actuarial valuation, as of March 31 are as follows:

	2018	2017
Estimated amounts expected to be paid		
Within one year, included in accrued payroll and related expenses	\$ 2,504	\$ 2,644
In excess of one year, included in accrued workers' compensation	8,716	9,449
	\$ 11,220	\$ 12,093

While the ultimate amount of claims to be incurred is dependent on future developments, the Corporation's management believes the aggregate accrual is adequate to cover such amounts. However, by their nature, the amounts recorded are estimates and actual results could differ from the amounts recorded.

The liability for expected workers' compensation claims is presented excluding expected insurance recoveries. Estimated insurance recovery receivables of \$1,738 and \$1,822 are included as other receivables in the accompanying consolidated balance sheets at March 31, 2018 and 2017, respectively.

Note 9: Derivative Instruments

The Corporation accounts for its derivative instruments in accordance with ASC Topic 815, *Derivatives and Hedging*. ASC Topic 815 requires that all derivative instruments be recorded on the accompanying consolidated balance sheets at their respective fair values. Changes in the fair value of a derivative are recorded as a component of investment return.

The Corporation uses interest rate-related derivative instruments to manage its interest rate exposure on its tax-exempt debt. By using derivative financial instruments to hedge exposures to changes in interest rates, the Corporation exposes itself to credit risk and market risk. Credit risk is the failure of the counterparty to perform under the terms of the derivative contract. Market risk is the adverse effect on the value of a financial instrument that results from a change in interest rates. The market risk associated with interest rate contracts is managed by establishing and monitoring parameters that limit the types and degree of market risk that may be undertaken.

The Corporation primarily uses fixed-rate debt to finance its operations. The debt obligations prevent the Corporation from reducing interest costs in periods of declining interest rates. In July 2002, management entered into two forward sale agreements for proceeds of \$13,325. In July 2004, the Corporation entered into a basis swap. Additionally, in March 2015, the Corporation entered into an interest rate cap.

Following is a summary of the Corporation's derivative instruments:

Forward Sale Agreements and Guaranteed Investment Contract – Series 1999

In July 2002, the Corporation entered into forward sale agreements as a means to receive an upfront payment in exchange for rights to the future interest earnings on the investments temporarily held in the Corporation's debt service (principal and interest) and reserve funds to pay the principal and interest payments on the 1999 Certificates of Participation. Proceeds from the forward sale agreements were received over the first 44 months of the forward sale agreements and are being amortized into interest income over the 332-month term of the forward sale agreements. As proceeds are received each month, they are deposited into a GIC as collateral for the forward sale agreements until expiration on April 1, 2030.

In conjunction with the redemption of the 1999 Certificates of Participation as discussed in *Note 8*, the Corporation terminated the reserve funds and the GIC. As a result of this termination, the Corporation incurred a loss of approximately \$1,735 during the year ended March 31, 2018, which is included in the loss on extinguishment of debt on the accompanying consolidated statements of operations. The Corporation received a cash payment of \$1,700 associated with the termination, which is included in investing activities on the accompanying consolidating statements of cash flows.

The notional amount of the GIC was \$3,257 at March 31, 2017, and allowed for certain permitted withdrawals, as defined, that allowed the Corporation to withdraw such funds to support debt service payments and operating expenses (including payroll) if funds from other sources are not available. As such, amounts deposited in the GIC, including mark-to-market adjustments, totaled \$4,588 as of March 31, 2017, and were classified as unrestricted investments in the accompanying consolidated balance sheets. The Corporation recognized interest income totaling \$109 and \$437 in 2018 and 2017, respectively, related to the forward sale agreements.

Basis Swap

Under a basis swap contract, the Corporation agrees to pay the counterparty the monthly Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index variable rate average while receiving 64% of the one-month London InterBank Offered Rate (LIBOR) plus a fixed spread. In conjunction with the redemption of the 1999 Certificates of Participation as discussed in *Note 8*, the Corporation terminated the basis swap in July 2017. As a result of the termination, the Corporation incurred a loss of approximately \$159 during the year ended March 31, 2018, which is included in the loss on extinguishment of debt on the accompanying consolidated statements of operations. The Corporation received \$5,430 associated with the termination, which is included in investing activities on the accompanying consolidated statements of cash flows.

The basis swap notional amount was \$137,300 at March 31, 2017. The Corporation's largest exposure under this contract was a significant reduction in the U.S. federal tax rate on individuals. Under this contract, the Corporation recorded a reduction to interest expense of \$287 and \$1,229 during the years ended March 31, 2018 and 2017, respectively.

Interest Rate Cap

In March 2015, in connection with the issuance of the 2015 bonds (see *Note 8*), the Corporation entered into a 10-year interest rate cap agreement pursuant to which the Corporation paid the cap counterparty a one-time upfront payment in exchange for the counterparty agreeing to make quarterly payments to the Corporation to the extent a specified floating rate based on a percentage of LIBOR exceeds 3%. The interest rate cap notional amount is \$64,837 and \$47,665 at March 31, 2018 and 2017, respectively. Amounts paid to the counterparty, combined with mark-to-market adjustments, totaled \$265 and \$443 as of March 31, 2018 and 2017, respectively, and are classified as an unrestricted investment in the accompanying consolidated balance sheets.

The table below presents certain information regarding the Corporation's derivative financial instruments, none of which were hedging instruments, at March 31:

Note 10: Temporarily Restricted, Permanently Restricted and Designated Net Assets

Temporarily restricted net assets are available for the following purposes or periods at March 31:

	<u>2018</u>	<u>2017</u>
Resident assistance and special projects	\$ 7,166	\$ 7,151
Purchase of property and equipment	123	113
Scholarships	428	385
Time-restricted	6,735	6,033
Other	2,292	2,262
	<u>\$ 16,744</u>	<u>\$ 15,944</u>

Temporarily restricted net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of other events specified as follows:

	<u>2018</u>	<u>2017</u>
Available for resident assistance and operations	<u>\$ 915</u>	<u>\$ 841</u>
Capital expenditures	<u>\$ 217</u>	<u>\$ 244</u>

Permanently restricted net assets of \$6,979 and \$6,904 at March 31, 2018 and 2017, respectively, consist of investments to be held in perpetuity, the income from which is expendable to support resident assistance, scholarships, operations and other purposes as specified by the donor.

The Board designated \$2,000 of unrestricted net assets to establish The Front Porch Center for Innovation and Wellbeing/Innovation Initiative Fund (the Innovation Fund) and \$1,000 of unrestricted net assets to establish The Alhambra Affordable Housing Preservation and Development Fund (the Affordable Housing Fund) during the year ended March 31, 2014. Designated net assets remain under the control of the Board, which may, at its discretion, later use these designated funds for other purposes. Designated funds are included with investments on the accompanying consolidated balance sheets. During the year ended March 31, 2018, the Board released \$18 of funds originally designated for the Innovation Fund to cover certain operating costs and released \$391 of funds from the Affordable Housing Fund as an advance to Brookmore Apartment Corporation (Brookmore). In September 2017, Brookmore repaid the full advance to the Corporation. During the year ended March 31, 2017, the Board released \$2 of funds originally designated for the Innovation Fund to cover certain operating costs and released \$209 of funds from the Affordable Housing Fund as an advance to Brookmore. \$1,925 and \$1,943 of the Innovation Fund and \$1,000 and \$971 of the Affordable Housing Fund remained unreleased as of March 31, 2018 and 2017, respectively.

Note 11: Uncompensated Community Benefits

Each year, the Corporation provides services to residents with limited means and benefits to the broader community. The cost of such services is reported on the Corporation's IRS Form 990. Additionally, the Corporation accepts Medi-Cal patients for which it is reimbursed at amounts that do not cover the cost of health care services provided. The estimated cost, based on historical cost-to-revenue ratios by community, of providing such under-reimbursed care in excess of reimbursements received was \$2,553 and \$2,327 for the years ended March 31, 2018 and 2017, respectively.

Note 12: Functional Expenses

The Corporation provides services through independent retirement living, assisted living, memory care, skilled nursing and other services. Expenses related to providing these services, before other operating charges, for the years ended March 31 are as follows:

	2018	2017
Patient and resident care services	\$ 152,070	\$ 143,007
General and administrative	48,183	49,549
	\$ 200,253	\$ 192,556

Note 13: Employee Benefit Plans

403(b) Defined Contribution Plan and Supplemental Retirement Plan

The Corporation sponsors a 403(b) defined contribution plan for its employees. Under the current plan, all employees with at least one year of service are eligible to participate, and the Corporation contributes an amount equal to 3% of each participant's compensation. Additionally, the Corporation provides an executive supplemental retirement plan and contributes 4.5% of each participant's compensation. Expense for all retirement plans, equal to the contributions, totaled \$2,282 and \$2,209 for the years ended March 31, 2018 and 2017, respectively.

Deferred Compensation Plan

The Corporation offers a nonqualified deferred compensation plan to a select group of management that provides the opportunity to defer a specified percentage of their cash compensation. Participants may elect to defer up to 30% of their annual base salary. In addition, the Corporation offers an at-risk compensation plan that requires a mandatory 30% of any at-risk pay awarded to be held as deferred compensation. Participants may elect to defer the remaining 70% of their award. The Corporation's obligations under this plan are unfunded for tax purposes and for purposes of Title 1 of the *Employee Retirement Income Security Act of 1974* and are unsecured general obligations of the Corporation to pay in the future the value of the deferred compensation adjusted to reflect the performance, whether positive or negative, of selected investment measurement options chosen by each participant during the deferral period. As of March 31, 2018 and 2017, \$893 and \$1,157, respectively, of deferred compensation is accrued and included in other accrued liabilities in the accompanying consolidated balance sheets.

Note 14: Disclosures About Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheets, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended March 31, 2018. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Front Porch Communities & Services
Notes to Consolidated Financial Statements
March 31, 2018 and 2017
(In Thousands)

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. Level 1 investments include various mutual funds, certain corporate bonds and commercial paper, U.S. Treasury and U.S. agency securities and exchange-traded equity securities. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of investments with similar characteristics or discounted cash flows. Level 2 investments include certain corporate bonds, U.S. Treasury and U.S. agency securities, GICs, commercial paper, derivative instruments and certificates of deposit. In certain cases where Level 1 or Level 2 inputs are not available, investments are classified within Level 3 of the hierarchy.

Derivative Instruments and Guaranteed Investment Contracts

The fair value is estimated using forward looking interest rate curves and discounted cash flows that are observable or can be corroborated by observable market data and, therefore, are classified within Level 2 of the valuation hierarchy.

Receivables from Supporting Organizations

Fair value is estimated at the present value of the future distributions from the supporting organizations. Due to the nature of the valuation inputs, the receivables from supporting organizations are classified within Level 3 of the hierarchy.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying consolidated balance sheets using significant unobservable (Level 3) inputs:

	Receivables from Supporting Organizations
Balance, April 1, 2017	\$ 11,644
Total realized and unrealized gains and losses included in change in net assets	169
Balance, March 31, 2018	<u>\$ 11,813</u>
Total gains or losses for the period included in change in net assets attributable to the change in unrealized gains or losses related to assets and liabilities still held at the reporting date	<u>\$ 169</u>

Front Porch Communities & Services
Notes to Consolidated Financial Statements

	Receivables from Supporting Organizations
Balance, April 1, 2016	\$ 10,617
Total realized and unrealized gains and losses included in change in net assets	<u>1,027</u>
Balance, March 31, 2017	<u>\$ 11,644</u>
Total gains or losses for the period included in change in net assets attributable to the change in unrealized gains or losses related to assets and liabilities still held at the reporting date	<u>\$ 1,027</u>

Unobservable (Level 3) Inputs

At March 31, 2018 and 2017, the Corporation had one financial instrument, receivables from supporting organizations of \$11,813 and \$11,644, respectively, for which fair value was determined based on unobservable inputs. The primary valuation technique used is discounted cash flows of future distributions. The significant unobservable inputs used in this fair value measurement are probability of nonpayment and distribution rates. Significant increases (decreases) in any of those inputs in isolation would result in a significantly lower (higher) fair value measurement. Generally, changes in either of those inputs will not affect the other input.

Note 15: Asset Retirement Obligations

ASC Topic 410, *Asset Retirement and Environmental Obligations*, requires that an asset retirement obligation (ARO) associated with the retirement of a tangible long-lived asset be recognized as a liability in the period in which it is incurred or becomes determinable (as defined by the standard) even when the timing and/or method of settlement may be conditional on a future event.

Front Porch Communities & Services
Notes to Consolidated Financial Statements
March 31, 2018 and 2017
(In Thousands)

The Corporation has AROs arising from regulatory requirements to perform asbestos abatement at the time certain property is disposed of. The liability, included in asset retirement obligations in the accompanying consolidated balance sheets, was initially measured at fair value based upon historical removal costs per square foot applied to assets identified as requiring asbestos abatement and is subsequently adjusted for accretion expense and changes in the amount or timing of the estimated cash flows. The corresponding asset retirement costs are capitalized as part of the carrying amount of the related long-lived asset and depreciated over the asset's useful life. The following table presents the activity for the AROs for the years ended March 31:

	2018	2017
Balance, beginning of year	\$ 2,210	\$ 2,188
Change in estimate and accretion expense	(63)	22
Balance, end of year	\$ 2,147	\$ 2,210

Note 16: Significant Estimates and Concentrations

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include the following:

Allowance for Net Patient Service Revenue Adjustments

Estimates of allowances for adjustments included in net patient service revenue are described in *Note 1*.

Investments

The Corporation invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying consolidated balance sheets.

Self-Insurance Claims

Estimates related to the accrual for self-insured workers' compensation claims are described in *Notes 1* and *7*.

Front Porch Communities & Services
Notes to Consolidated Financial Statements

(In Thousands)

Litigation

In the normal course of business, the Corporation is, from time to time, subject to allegations that may or do result in litigation. The Corporation evaluates such allegations by conducting investigations to determine the validity of each potential claim. Based upon the advice of counsel, and an independent actuary with respect to workers' compensation claims, management records an estimate of the amount of ultimate expected loss, if any, for each of these matters. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term.

Certain employee wage and hours claims have been brought against the Corporation. Management has evaluated these claims internally and has come to settlement terms with the plaintiffs. The Corporation has recorded an estimated liability of approximately \$2,270 as of March 31, 2018, based on the agreed-to terms. Events could occur that would cause the estimate of ultimate loss to differ materially in the near term.

Regulatory Matters

The health care industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements and reimbursement for patient services. Government activity has continued with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. In addition, changes to the regulatory environment could negatively impact the Corporation's consolidated financial position.

Asset Retirement Obligations

As discussed in *Note 15*, the Corporation has recorded a liability for its conditional AROs related to asbestos abatement.

Note 17: Refundable and Amortized Entrance Fees and Deferred Revenue

Entrance fee arrangements apply to five of the Corporation's facilities as of March 31, 2018 and 2017. For the right to occupy a unit for life and to receive certain services at these facilities, residents are required to pay an upfront entrance fee. The entrance fee is based upon the type of unit rented and the monthly payment plan selected by the resident. In addition, residents are charged monthly service fees. Service fees are established at the inception of residency and may be increased by the Corporation, provided a 60-day advance notice is given to the resident.

Front Porch Communities & Services
Notes to Consolidated Financial Statements
March 31, 2018 and 2017
(In Thousands)

The resident may voluntarily withdraw from the facility upon rendering proper notification. Upon voluntary withdrawal, a repayment of part or all of the entrance fees and monthly care fees may occur. The following is a summary of the withdrawal clauses:

- If the resident voluntarily withdraws within the first seven days, all amounts will be repaid.
- If voluntary withdrawal or death occurs within 90 days of the contract date, an amount equal to the entrance fee and the monthly care fee, less any amounts used to care for the resident during the time of the residency, will be repaid to the resident, estate, trust, heirs or representatives.
- For amortized contracts, if voluntary withdrawal occurs subsequent to the 90-day period, the amount repaid shall be equal to the entrance fee, less an amount amortized on a basis ranging from 60 to 67 months from the date of the agreement. If voluntary withdrawal occurs after the “amortization period,” as defined in the resident contract, no repayment shall be awarded. If death occurs more than 90 days after the contract date, entrance fees are either retained by the Corporation or partially refunded based upon the individual facility’s contracts.
- For repayable contracts, upon withdrawal of a resident for any reason subsequent to the 90-day period, the repayable percentage of the entrance fee will be repaid to the resident, estate, trust, heirs or representatives within 14 calendar days of the Corporation’s receipt of a new entrance fee or, in certain circumstances, monthly fee contract for the unit.

The estimated amount of entrance fees expected to be repaid to current residents, net of amounts estimated to be repaid within one year, amounted to \$13,925 and \$10,560 at March 31, 2018 and 2017, respectively, and is included in other accrued liabilities in the accompanying consolidated balance sheets. Amounts estimated to be repaid within one year totaled \$5,806 and \$5,472 at March 31, 2018 and 2017, respectively, and are recorded as other current accrued expenses in the accompanying consolidated balance sheets. These estimates are based on the Corporation’s historical repayment experience and the Corporation’s repayment policy. At March 31, 2018 and 2017, \$102,174 and \$98,630, respectively, are contractually repayable under these agreements, which represent the amount due to residents if all residents were to cancel their contracts at that date based on the repayment policies above. The contractually repayable amount, net of estimated repayable entrance fees described above, is included in deferred revenue from entrance fees in the accompanying consolidated balance sheets.

Note 18: Future Changes in Accounting Principles

Revenue Recognition

The Financial Accounting Standards Board (FASB) amended its standards related to revenue recognition. This amendment replaces all existing revenue recognition guidance and provides a single, comprehensive revenue recognition model for all contracts with customers. The guidance provides a five-step analysis of transactions to determine when and how revenue is recognized. Other major provisions include capitalization of certain contract costs and consideration of the time value of money in the transaction price. The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in those judgments and assets recognized from costs incurred to fulfill a contract. The standard allows either full or modified retrospective adoption effective for public entities, including the Corporation as a conduit debt obligor, for annual periods beginning after December 15, 2017 (the Corporation's year ending March 31, 2019) and any interim periods within annual reporting periods that begin after December 15, 2018. The Corporation is evaluating the impact the amendment will have on the consolidated financial statements.

(In Thousands)

Accounting for Leases

FASB amended its standard related to the accounting for leases. Under the new standard, lessees will now be required to recognize substantially all leases on the balance sheet as both a right-of-use asset and a liability. The standard has two types of leases for income statement recognition purposes: operating leases and finance leases. Operating leases will result in the recognition of a single lease expense on a straight-line basis over the lease term similar to the treatment for operating leases under existing standards. Finance leases will result in an accelerated expense similar to the accounting for capital leases under existing standards. The determination of lease classification as operating or finance will be done in a manner similar to existing standards. The new standard also contains amended guidance regarding the identification of embedded leases in service contracts and the identification of lease and nonlease components in an arrangement. The new standard is effective for annual periods beginning after December 15, 2019, and any interim periods within annual reporting periods that begin after December 15, 2019. The Corporation is evaluating the impact the standard will have on the consolidated financial statements; however, the standard is expected to have a material impact on the consolidated financial statements due to the recognition of additional assets and liabilities for operating leases.

Presentation of Financial Statements of Not-for-Profit Entities

FASB recently issued Accounting Standards Update (ASU) 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which requires material changes to the presentation of not-for-profit financial statements and related note disclosures. The Corporation expects to apply ASU 2016-14 during its fiscal year ending March 31, 2019, through retrospective application to previous years' statements for comparative purposes. The impact of applying ASU 2016-14 has not yet been determined.

Statement of Cash Flows: Restricted Cash

FASB recently issued ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash*, which clarifies the presentation and disclosure requirements of restricted cash. ASU 2016-18 requires entities to include restricted cash and restricted cash equivalents with cash and cash equivalents when reconciling beginning-of-period and end-of-period total cash to the statement of cash flows. The Corporation expects to apply ASU 2016-18 during its fiscal year ending March 31, 2019, through retrospective application to previous years' statements for comparative purposes. The impact of applying ASU 2016-18 has not yet been determined.
